MEMORANDUM FOR: Deputy Director for Science and Technology

Carl:

I note with approval your review of the DD/S&T contractual relationships with [ ] and particularly the procedures for contract review and coordination within your Directorate. As the Agency's R&D coordinator, would it not be worthwhile to promote this or some similar procedure on an Agency-wide basis?

[ ] Your plan for a rigorous review prior to contract renewal in March 1969 strikes me as a fine idea. I would like to see a summary of your findings when you send the project renewal request forward for approval.

I would also encourage you to continue your efforts to interest other major companies in satellite reconnaissance systems.
